事業計画面積 992.1ha

龍ヶ岡分区  
体計画面積 359.8ha → 大規模遊戯施設3.10haで362.9ha  
業計画面積 359.8ha

板橋・大塚分区  
全体計画面積 新規49.0ha

竜ヶ崎第2処理分区  
全体計画面積 226.2ha → 281  
事業計画面積 222.0ha

An aerial map of a residential area with streets and property boundaries. A thick yellow line starts from the bottom right, curves upwards, and then follows a winding path through several houses and yards. The map includes labels for 'West' at the top left, 'A' and 'B' on the right side, and a scale bar in the bottom right corner.

号 小集

A detailed map of Tokyo's Minato and Chiyoda districts, centered around the Yūshūkan building. The map shows numerous streets, landmarks, and buildings. The Yūshūkan is marked with a large black arrow pointing towards it from the bottom left. The word "Yūshūkan" is written vertically in large black characters on either side of the arrow. The map includes labels for "Yūshūkan" and "Yūshūkan".

全体計画面積 81.3ha

This is a historical map of Haikou, China, from the early 20th century. The map shows the city's boundaries, major roads, and landmarks. The city is depicted as a polygon with a grid pattern inside, representing the urban area. The surrounding land is shown in a hatched pattern, likely representing rural or undeveloped areas. The map includes labels for various streets and landmarks, though they are in Chinese characters. The overall style is that of a topographic or administrative map.

△ 29  
神明社

This is a historical map from the Edo period, specifically from the Meiji era. It shows a detailed street grid with various buildings and landmarks. A prominent label 'Tōshō-gū' is located in the lower-left quadrant, indicating the location of the Tōshō-gū shrine. The map uses a color-coding system where most areas are brown or tan, while some specific buildings like shrines or temples are highlighted in red or yellow. The overall layout is a mix of traditional Japanese cartography and Western-style grid planning.

This is a historical map of Tianjin from 1900. The map shows the city's layout with various districts, roads, and landmarks. Key features include the '天理讲堂' (Tianli Lecture Hall) in the center, the '天津海关' (Tianjin Customs) building, and the '天津法租界' (Tianjin French Concession) boundary. The map also depicts the '海河' (Hai River) and its tributaries. The entire map is framed by a thick black border.

# 事業計画面積

An aerial map of the Kanda River area in Tokyo, Japan. The map shows the river flowing from the bottom right towards the top left. A dashed line indicates the former course of the river, which ended at a point labeled 'Kanda-gawa' near the center. A solid line shows the current course of the river. The surrounding area includes various neighborhoods and landmarks, such as 'Kanda-Myojin Shrine' and 'Kanda Station'. The map is oriented with North at the top.

紫線の上に、左側の斜線は「2」、右側の斜線は「1」、右側の直線は「II」、左側の直線は「III」と記入されている。
